REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-5 have been examined. Claim 1 is the only independent claim. It encompasses a composition comprising (i) a polyisocyanate, (ii) an OH-containing polymeric compound and (iii) a tetravalent titanium compound.

Closest piece of prior art is Pettit Jr. (US 3998768). It discloses a composition comprising (a) a hard acrylic polymer, (b) a soft acrylic polymer, (c) a blocked polyisocyanate, (d) a hydroxy functional plasticizer and (e) an organometallic compound. Pettit, however, does not teach the claimed tetravalent titanium compound.

Above claims are therefore in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
